WHO WE ARE
WHAT WE DO
A SNAPSHOT OF OUR PORTFOLIO
INVESTMENT CASE
OUR STAKEHOLDERS

WHO WE ARE

One of only 11¹ publicly traded self storage Real Estate Investment Trusts (REITs) globally, Stor-Age is the leading and largest self storage property fund and brand in South Africa, and the first and only self storage REIT listed on any emerging market exchange. In November 2017, we entered the United Kingdom (UK) with the strategic acquisition of Storage King – the sixth largest self storage brand in the UK². The portfolio across both markets includes a total of 103 properties.

Our portfolio of 103 trading properties comprises 60 properties in South Africa³ and a further 43 properties in the UK³, providing storage space to over 51 400 customers across both markets. The combined value of the portfolio, including properties in our JV partnerships, is R17.3 billion (SA – R6.0 billion; UK – £471 million) with the maximum lettable area (MLA), including the pipeline and ongoing developments, exceeding 650 000 m². Each of our properties is strategically concentrated in South Africa’s largest cities and in key markets in the UK.

We continue to deploy capital strategically, adding quality and scale to our high-quality portfolio in South Africa and the UK on a select basis and in line with our strict investment criteria.

DYNAMIC SELF STORAGE SECTOR SPECIALISTS	
Leading and largest self storage property fund and brand in South Africa	
SA portfolio — exceptional quality and almost impossible to replicate; assembled from scratch	
UK market entry, growth and performance — nuanced, skilfully executed and highly successful, with excellent growth prospects	
Business model based on global best practice	
Bespoke, best-in-class new developments in prime locations — unlock value and support outperformance over the medium term	
Market-leading operations and digital platform	
Significant investment in ongoing digitalisation across the business	
Continued investment in technology to support business efficiency and alignment with ESG objectives	

	Portfolio	South Africa	United Kingdom	Pipeline Portfolio

⁴ LTV ratio is defined as net debt as a percentage of the sum of net investment property and investments in equity-accounted investees.

A HIGHLY SPECIALISED, LOW RISK, INCOME PAYING SELF STORAGE REIT

- A sector-leading dual market operations platform
- Listed on the Johannesburg Stock Exchange (JSE) in November 2015 — significant outperformance of the listed property index and SA REITs since listing
- One of only 11 publicly traded self storage REITs globally, and the first and only one listed on an emerging market exchange
- 17-year track record of developing, tenanting and operating self storage assets
- R6.4 billion¹ – market capitalisation
- R17.3 billion² – property portfolio value
- 103 properties across South Africa and the UK, including a nine property development pipeline
- 58% of the portfolio with solar technology installed
- 19% reduction in Scope 1, 2 and 3 GHG emissions in FY24

A CLEAR VISION AND MISSION, UNDERPINNED BY OUR CORE VALUES

- OUR VISION** To be the best self storage business in the world
- OUR MISSION** To rent space
- OUR CORE VALUES** Excellence • Sustainability • Relevance • Integrity

¹ As at 31 May 2024.
² Includes 100% of trading properties held in JVs as at 31 March 2024. Excludes Century City and Kramerville properties which began trading in June 2024 and July 2024 respectively.

SOUTH AFRICA'S LEADING SELF STORAGE COMPANY

With an unrivalled reputation for excellence and a market-leading operating platform, Stor-Age is the largest self storage property fund and most recognisable brand in South Africa. As leaders in the local industry, we have set the standard for secure, convenient and flexible self storage.

Big branding is at the core of our brand strategy, with well-branded properties located in high-visibility locations in densely populated residential suburbs with adjacent commercial and business corridors.

WHAT WE DO

Our highly specialised business focuses on the fast-growing self storage sector in South Africa and the UK – a niche subsector of the broader commercial property market. Stor-Age develops, acquires and manages high-quality self storage properties in prime locations that enable us to compete strongly in new market segments and grow our market share across both markets. This creates economies of scale and produces favourable operating margins.

MANAGING AND MAINTAINING OUR PROPERTIES

Stor-Age rents space to individuals and businesses on a short-term flexible lease basis. Across our portfolio of 103 properties¹, we manage more than 51 400 tenants².

Our sophisticated and scalable operating platform and ongoing investment in infrastructure and maintenance maximises revenue, reduces costs and ultimately delivers enhanced returns. At a property level, our people, use of technology and the high-quality, secure and convenient space offered by our portfolio attract and retain a diverse customer base.

Read more about our operations platform and digital capabilities on page 34.

ACQUIRING AND DEVELOPING PROPERTIES

Our growth strategy focuses on organic growth through the expansion of our existing properties, acquisitions and development opportunities. We have in-house development expertise and remain disciplined, but opportunistic, to ensure that our risk-adjusted yield expectations are met.

ACQUISITION CAPABILITY

Our leading corporate platform, skilled operational management team, industry relationships and specialist sector experience ensure that Stor-Age is well-positioned to identify and capitalise on strategic acquisition and development opportunities with attractive growth potential in both South Africa and the UK. This is evidenced by our successful acquisition and development track record since listing.

We have also consistently demonstrated our ability to close transactions and integrate trading properties seamlessly onto our operating platform.

Read more about the acquisitions completed this year from pages 27 and 30.

DEVELOPMENT CAPABILITY

Stor-Age develops investment-grade self storage properties in visible, convenient and accessible locations where there are favourable demographics and where suitable acquisitions are not available. The decision to develop is based on the cost of development versus the cost of acquisition, the demographic market analysis and the existence of barriers to entry. We have significant experience and a demonstrable track record of successfully developing and expanding properties in South Africa and the UK, along with clearly defined key success criteria.

Read more about our development pipeline and developments completed this year from pages 27 and 30.

GROWING OUR PORTFOLIO

With deep product understanding and experience in an emerging and first-world market, Stor-Age boasts a successful track record of developing, acquiring and managing self storage assets.

We aim to grow our portfolio of prime self storage assets by adding properties with complementary and consistent attributes. This takes a significant amount of time and skill. It requires the ability to:

- identify the right opportunities at the right price;
- negotiate for, secure and integrate those acquisitions successfully (or obtain the necessary town planning and local council approvals for new developments);
- have a deep understanding of market nuances and demand levels; and
- design and build modern, bespoke self storage properties.

“ With a track record of developing world class self storage properties for over 17 years, Stor-Age boasts a significant in-house development capability. ”

With our significant experience, well-defined development framework and meticulous quality control processes, we are able to ensure that we meet our risk-adjusted yield expectations on new developments.

The team further understands the challenges of obtaining town planning approvals for properties in sought-after locations. These capabilities are critical in overcoming what are otherwise significant and real barriers to entry for new Big Box self storage developments in prime locations.

The financial acumen, operational expertise, market knowledge, experience and skills required to then take new assets through the multi-year lease-up phase of their lifecycle should also not be underestimated. Here, Stor-Age benefits from vastly experienced management teams in South Africa and the UK that boast substantial intellectual property developed over 17 years of operating self storage assets successfully. This includes understanding how to generate new enquiries to support the take-up of space, pricing the product optimally and managing the natural churn of tenants.

JOINT VENTURE PARTNERSHIPS

In recent years, the Group has established several JV partnerships to acquire and develop new self storage properties in South Africa and the UK. The JV model allows us to achieve growth and scale in both markets while providing an attractive return on invested capital. It also helps mitigate the financial impact of the lease-up phase of new properties, which can take several years to reach mature occupancy levels.

Read more about our JV partnerships in South Africa and in the UK on page 32.

SECURE SELF STORAGE

Stor-Age has an unwavering commitment to providing safe and secure self storage. The Company has invested significantly to ensure that customers' goods are secure and to reduce operational and environmental risks. We have various state-of-the-art security measures in place to achieve this, which include bespoke door alarm systems, licence plate recognition technology, third-party monitoring, smart electric fencing and fire detection technology (among others). We also conduct weekly and month-end padlock counts of every storage unit at our properties.

Read more about these security features on page 38.

A SNAPSHOT OF OUR PORTFOLIO

Stor-Age began developing, acquiring and managing self storage properties in South Africa in 2006. In 2017, we entered the UK market successfully with the strategic acquisition of Storage King, the sixth largest self storage brand in the UK.

We are local market pioneers who introduced high-profile Big Box self storage properties in high-visibility and easily accessible prime suburban locations in South Africa.

We have a long and successful track record of acquiring, developing and managing self storage properties in prime locations across South Africa and the UK which have delivered high occupancy and rental rate growth. Our property portfolio, predominantly freehold (94.5% by value), has been strategically assembled with a focus on

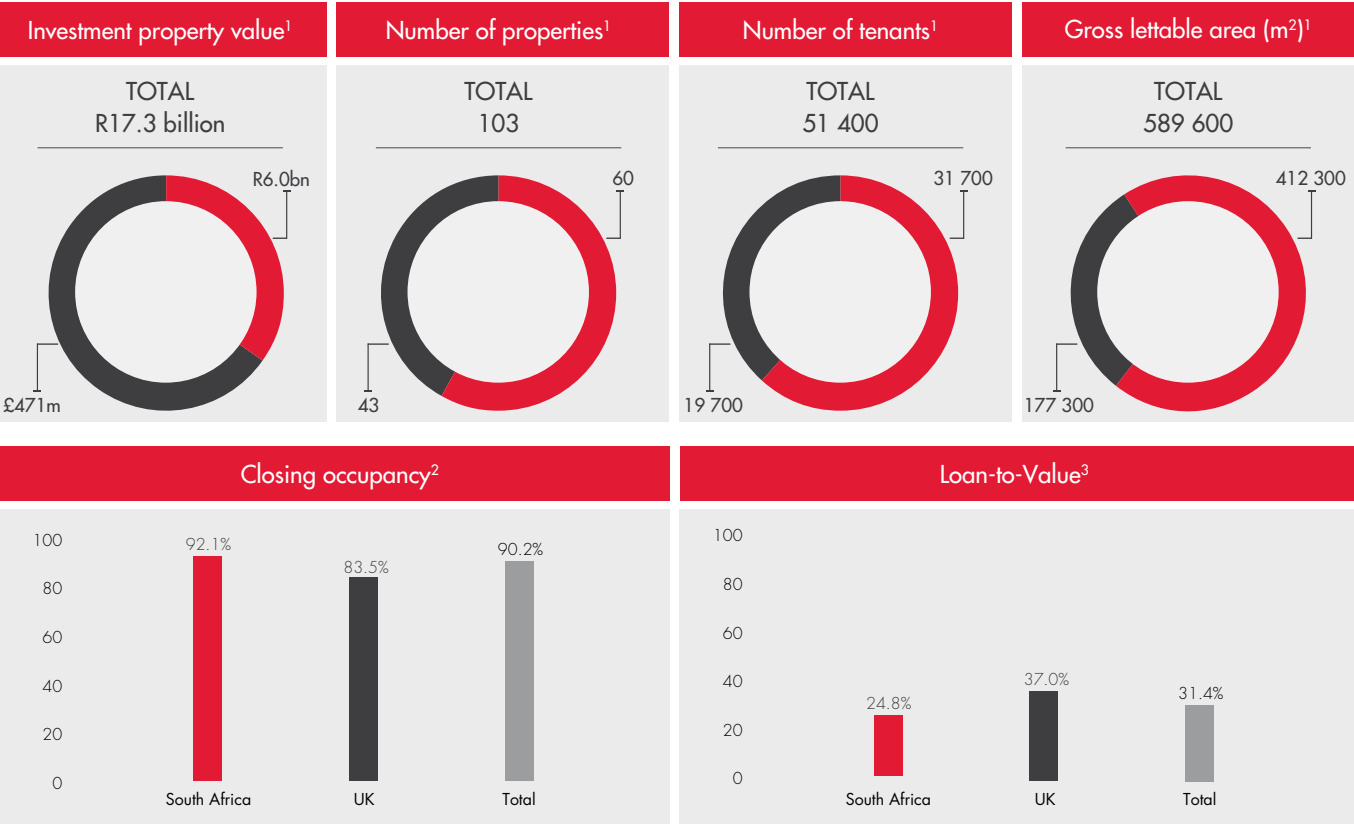

locations where the primary drivers of self storage, population density and household income, are strongest. This disciplined focus on markets with strong demographics positions us well to perform in all macro environments and complements our resilient business model.

Today, our portfolio has grown to 103 properties¹ comprising 589 600 m² of GLA², strategically concentrated in South Africa's largest cities and in key markets in the UK.

We continue to deploy capital strategically, adding quality and scale to our portfolio on a select basis and in line with our strict investment criteria. Properties currently being developed and in the acquisition pipeline will add a further 40 200 m² GLA on completion.

● South Africa ● UK

BARRIERS TO ENTRY AND THE DEFENSIVE NATURE OF OUR PORTFOLIO

There are significant barriers to new supply in key target nodes. Self storage properties were historically positioned in industrial areas or on the urban edge. As a result, there are limited multi-storey premium-grade self storage properties in prime urban and suburban nodes in South Africa where population density and average household income are higher.

Town planning presents a major challenge in South Africa and the UK, with long lead times to get planning consents for properties situated in prime, sought-after locations. This, in addition to the long lease-up period (financing cost implications) required to reach stabilised occupancy at new properties, is a significant barrier to entry and contributes to the defensive nature of our portfolio.

Read more about our portfolio from page 26.

² Includes properties held in JVs.

INVESTMENT CASE

As the leading and largest self storage property fund and brand in South Africa, and with a growing presence in the UK through Storage King, Stor-Age has continued with its impressive track record of growing investor returns. We are one of only 11 publicly traded self storage REITs globally and the only one to be listed on an emerging market exchange.

Self storage is a niche asset class, driven by societal trends such as consumerism, e-commerce growth, urban densification and an increasingly mobile population. The sector's primary demand drivers include life-changing events and dislocations, both positive and negative. It is uncorrelated to traditional drivers of property,

remaining remarkably resilient to economic stresses. As a highly defensive sector, it has proven its resilience through various economic cycles, including throughout the Global Financial Crisis and the COVID-19 pandemic.

This is true of Stor-Age as well, with the Company continuing to produce robust operational results through different economic cycles.

With the benefit of a clear strategy and a track record of disciplined execution, Stor-Age has been able to deliver a strong financial performance since its listing, outperforming both the listed property index and the SA REIT sector.

Track record of delivery

- Stor-Age has outperformed the listed property index (SAPY¹) by 163% since listing in 2015.
- We are dynamic sector specialists, allowing for focused attention, with a track record of growing investor returns and a proven ability to identify, close and integrate value-add acquisitions.
- We are focused on adding quality and scale to a high-quality portfolio through strategic capital deployment.
- Our property portfolio has grown from a listing value of R1.4 billion (24 properties) to R12.6 billion² (103 properties).
- Our South African portfolio is of exceptional quality, assembled from scratch and nearly impossible to replicate. In the UK, we benefit from our portfolio of 43 high-quality properties and a sophisticated operations platform that is well positioned for further growth.

¹ Bloomberg, as at 31 May 2024.
² Total investment property value, including proportionate share of JV investment properties.

Share price performance¹ – relative to UK peers

- Stor-Age is well entrenched in the UK market and benefits from a more than 50% exposure to Sterling-based assets through Storage King.
- This geographic underpin is coupled with an attractive yield spread relative to UK peers.

¹ Bloomberg, as at 31 May 2024.
² Conversion to GBP at respective spot exchange rates across the time series.
³ LSE listed – Safestore and Big Yellow.

Excellent operating metrics and well-placed balance sheet

- FY24 full year dividend of 118.17 cents per share is underpinned by robust self storage metrics.
- Strong cash flows, favourable operating margins and a healthy balance sheet with a conservative gearing level of 31.4% at year end.
- Our portfolio has demonstrated attractive net property operating income growth of 14.4%, with low bad debts at 0.59% of rental income.
- We have limited obsolescence and low ongoing maintenance capex.

Resilient sector with growth opportunities globally

- Business model based on global best practices and has proven resilient through various economic cycles.
- Significant secured pipeline of development opportunities.
- High barriers to entry in key target locations.
- Niche growth sector globally, driven by societal trends:
 - Consumerism, including the increase in e-commerce
 - Densification and an increasingly mobile population
 - Primary demand drivers include life-changing events and dislocations, both positive and negative

OUR SUCCESS DRIVERS

- Management – founder-led and vastly experienced, true sector specialists.
- Operations platform
 - Highly sophisticated and dual market
 - Scalable and the key to unlocking value
- Diversified tenant risk (51 400 tenants across South Africa and the UK).
- Prominent locations on main roads or arterials, with high visibility to passing traffic.

- Average length of stay
 - South Africa: 25.5 months (2023: 24.5)
 - UK: 32.1 months (2023: 31.8)
- Committed and passionate employees.
- Growing demand and awareness among customers.
- Strong customer satisfaction, with customer service rated as “excellent” in 2024 according to the global Net Promoter Score (NPS) standard.
- In both South Africa and the UK, 56% of customers have been storing for more than one year.

Read more about what drives our success on page 34.

OUR STAKEHOLDERS

We recognise that the Group’s ability to create and protect value depends on the quality of our stakeholder relationships.

Regular engagements ensure that we understand stakeholder needs and expectations, and that these are considered in strategic decisions, board deliberations and our day-to-day activities. We aim to achieve an appropriate balance between the interests of different stakeholder groups as well as between stakeholders and the long-term interests of the Group.

OUR MOST MATERIAL STAKEHOLDER GROUPS:

OUR CUSTOMERS	OUR PEOPLE	OUR SHAREHOLDERS	OUR SUPPLIERS
---------------	------------	------------------	---------------

The social and ethics committee oversees the Group’s stakeholder engagement processes, while the executives have the responsibility of engaging directly with all stakeholders. Material engagements and their outcomes are reported to the board.

OUR CUSTOMERS

The individuals and businesses who trust us to solve their space problems and to look after their possessions with total care and commitment are the reason that we exist.

Key interests and expectations:

- Offering a safe and secure space to store goods with high-quality, environmentally sustainable, prominently located properties.
- Excellent customer service and the ability to engage through their preferred channels.
- Flexible self storage offering.
- Value for money.
- In line with our ESG strategy, the Company has committed to reducing and minimising the impact that our properties and operations have on the local environment in which they trade.
- A commitment to support the communities in which we operate by contributing to local social upliftment initiatives.

Quality of the relationship: ●

We measure customer satisfaction through welcome and exit surveys, digital review platforms, a mystery shopper programme and through Net Promoter Score (NPS) surveys.

- In 2024, we achieved an NPS score of 80¹ in South Africa and 68¹ in the UK. Our average Google Business Profile rating was 4.7 (SA) and 4.8 (UK) out of 5.

How we respond:

- Our properties are located in highly visible, easily accessible locations.
- We have a broad offering of different unit sizes and customers can stay for as short as one month.
- Our properties benefit from being inherently low intensity users of electricity and water.
- We place a great deal of focus on designing and developing environmentally-friendly buildings. Newly developed properties are designed and built in accordance with the latest design attributes and in accordance with all town planning and local council guidelines.
- Trading stores acquired from third parties must meet pre-defined minimum standard quality criteria.
- New hybrid solar and battery systems are continuously being installed at existing properties and at acquired properties where such systems are not already installed. All new developments also feature hybrid solar PV systems.
- We continually invest in maintaining our properties and enhancing their security infrastructure.
- Insurance cover is in place for customers’ belongings where the customer has chosen this option.
- Customers can contact us through our websites, social media, by phone, or WhatsApp and in person.
- Our integrated CRM system, e-commerce platform and bespoke online training programmes contribute towards our aim of achieving service excellence.
- Feedback from customer satisfaction surveys drives employee learning, development and training programmes.
- Ongoing support is provided to a range of charities, non-profit organisations and local community interest groups.

¹ A score above 50 is considered “excellent” and above 70 is “world class”.

Quality of our stakeholder relationships
● Good ● Area for improvement ● Needs attention

OUR PEOPLE

Our people are critical to our success. Our ability to create value depends on our capability to recruit, develop and retain employees with appropriate skills.

Key interests and expectations:

- Safe, healthy working conditions.
- Skills development and opportunities to advance.
- Fair remuneration.
- Effective performance management and recognition.
- Diversity and inclusivity.
- Employee wellness.
- Effective and efficient communication across the business.

Quality of the relationship: ●

We engage with employees through ongoing day-to-day interactions, our Company intranet (Connect) and in biannual performance reviews.

The results of our annual anonymous staff survey indicate that more than 93% of employees are proud to be part of the Stor-Age team, with a NPS of 10¹. We also monitor employee turnover.

How we respond:

- Stor-Age places a significant emphasis on recruiting the right people and training, developing and managing employees to achieve their highest potential.
- Learning and development programmes delivered on our e-learning platform, Edu-Space, complement face-to-face learning to help employees develop to their optimal potential.
- We incentivise outperformance at all levels.
- We offer competitive remuneration packages and financial rewards.
- Our partnership culture is a key part of our success. Management is accessible at all levels and employees are encouraged to improve and challenge the status quo.
- A succession planning strategy is in place, which includes talent retention.
- The Conditional Share Plan for high performing employees includes more than 40 participants.
- We continued to roll out a wellness initiative in South Africa focused on encouraging our employees to practice and improve their habits to attain better physical and mental health.
- Connect keeps our staff informed of news and happenings across the business.
- Ongoing engagement with our staff ensures their deliverables meet strategic objectives and the overall business strategy.

¹ A score above zero is considered 'good'.

Quality of our stakeholder relationships

● Good ● Area for improvement ● Needs attention

OUR SHAREHOLDERS

Our shareholders provide the capital we require to grow our business. We engage with shareholders at results presentations, annual general meetings, property tours and in ongoing one-on-one meetings throughout the year.

Key interests and expectations:

- Transparent and balanced reporting.
- Acting in a responsible, ethical and transparent manner.
- Provide a secure investment underpinned by high-quality physical property assets.
- Share price appreciation and regular distributions.
- A well-maintained balance sheet and gearing levels maintained within the board's target range.
- Execution of our growth strategy.
- A commitment to and responsible ESG practices.
- Regular updates to the market.
- Succession management.

Quality of the relationship: ●

At the Annual General Meeting in August 2023, all resolutions were passed with support from shareholders of 96% and above.

Stor-Age benefits from having a stable and broad range of institutional shareholders, many of who have been supportive of the Company from the time of its listing in 2015.

How we respond:

- The board is ultimately responsible for guiding our strategy and for approving policies and practices within an appropriate framework of governance and oversight to ensure shareholder interests are safeguarded.
- The execution of our five-year growth strategy to 2025 aims to grow and improve the quality of the portfolio, enhance performance and support increasing investor returns.
- The Company maintains regular communications to the market through various channels, including the annual integrated report, annual and interim results presentations, the investor relations website, media releases and on SENS.
- Prudent capital management policies ensure effective financial risk management.
- Our ESG strategy and reporting framework aligns our Vision and Core Values with six key United Nations Sustainable Development Goals (UN SDGs).
- We offer investors an investment opportunity with a strong management team that has a proven track record, and adheres to high levels of corporate governance and transparent reporting standards.
- We give our shareholders confidence that the Company is a well-governed and well-conducted business.
- We continue to maintain our LTV ratio within the target range.

OUR SUPPLIERS

We depend on our suppliers and service providers to ensure the high-quality development and maintenance of our properties, as well as to provide ongoing support in the execution of our operations.

Key interests and expectations:

- Sustainable business opportunities and potential for growth, in a manner that is transparent and equitable.
- Responsible and compliant business partner.
- Collaboration to build a sustainable ecosystem of mutual benefit.
- Fair treatment and equitable payment terms.

Quality of the relationship: ●

The Group prides itself on maintaining mutually beneficial and long-term relationships with suppliers in South Africa and the UK.

How we respond:

- We work with our suppliers and service providers to achieve a common goal.
- We are committed to good corporate governance and ensuring compliance across all facets of the business.
- We are committed to treating suppliers and service providers fairly to create mutually beneficial long-term relationships.
- We form long-lasting relationships with our preferred business partners.
- We have invested more than R18.5 million in supplier development initiatives to date¹.
- We have invested more than R9.3 million in enterprise development initiatives to date¹.
